ABOUT ME

* I'm currently an Under-Graduate in Computer Science Engineering.
* I have successfully completed college workshops and online courses in ML(Machine Learning), AI(Artificial Intelligence) and DS(Data Science).

EDUCATION

* **GH RAISONI ACADEMY OF ENGG AND TECH**

Bachelor of Engg in CSE(Computer Science Engg)| May 2022

* **BHAVANI SHANKAR COLLEGE OF SCIENCE**

High School in Science | May 2018

ACHIEVEMENTS

* Certificates from Cognitive class IBM for courses completed in ML(Machine Learning), DS(Data Science).
* Certificates from NPTEL (IIT Madras) for completing their course in Environmental Studies.

PROJECTS

* Micro-Processor Simulator (8085)(In this we made a simulator based on 8085 microprocessor that would carry out various functions such as addition, subtraction, moving, etc)
* Aging Signs(We were able to identify the age of the person depending on the ageing signs in the photo uploaded by the user)
* Auto ML project, did a brief check on what exactly is Auto ML, worked on different datasets including MNIST, CIFAR, IRIS, etc and AutoML packages as Autokeras.

INTERNSHIPS

* At Verzeo Bangalore in Data Science.
* At IIIT Kottayam in Machine Learning

CAREER OBJECTIVES

A dedicated and tech-savvy individual with a BE in Computer Science Engineering searching for a challenging role at a progressive organisation that offers immense growth opportunities and to implement my advanced knowledge and skills to contribute to the success of the organisation.
